Sprite Major 6 TD (2016)

Overview

Sprite is the UK's best selling caravan range. It has revolutionised entry-level caravanning and for 2016 has a more upmarket look and feel but still

remains true to its roots. With a wide range of layouts and options to tailor your model, you are sure to find a Sprite to match your budget.

The model in stock has the option 'Darwin' upholstery at an additional £145

The price includes the Diamond Pack and Sunroof

Lightweight, affordable style remains at the heart of the Sprite range and this has made it the UK's best selling caravan range. Manufactured by the Swift Group, Sprite models are built to the same high standards shared by Swift's more expensive ranges. Enhancements for the new season, include stylish new graphics and three opening front windows, all contributing to a more upmarket feel.

Inside new 'Elodie' soft furnishings feature warm grey woven seating fabric with complementary curtains in an abstract leaf design in shades of grey, lime green and charcoal. All interior lighting moves to low energy LED. A wide range of options include a panoramic sunroof and Diamond Pack, which are so competitively priced they are nearly always selected.

Exterior

- European Whole Vehicle Type Approval ensures compliance with strict weight, dimension and safety regulations
- EN1645 Grade 3 classification for heating and thermal insulation
