

SOLD Adria Twin MAX 680 SGX

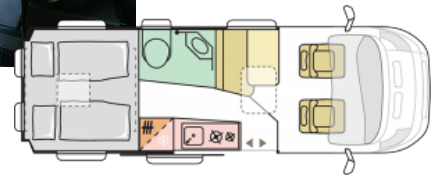

Overview

Due early 24!

Here we have the brand new Adria Twin MAX on the MAN chassis- first revealed at the NEC show. We have a very limited allocation due to it being an extremely limited release.

At 6840mm long it is an increase of 480mm over Adrias normal long wheel base 640 SGX. This creates a fantastic and versatile living space

£111,780

with great practicality.

Being a 2 berth it has a large electronic bed with room for plenty of storage, bikes etc underneath.

The additional LUX Pack comes with this unit, including LEDs, autonomous emergency braking, heated windscreen & steering wheel, adaptive cruise control, DAB, NAVi Pack, Alloys.

With the upgraded 180 BHP auto engine, solar panel, additional leisure battery and finished in the reflex silver metallic paint. A campervan for all seasons.
