

SOLD Swift Conqueror 650 (2016)

Overview

Renowned for its impressive styling the Conqueror is now fully built using innovative SMART HT construction. This takes this high end tourer's reputation for comfort, practicality and style to a new level. Its aerodynamic exterior design combines a sweeping front aspect, sleek

sunroof, rain water diverter and shapely one-piece rear panel creating a strikingly sleek silhouette. Available in both single and twin axle layouts the Conqueror is one of the best all season tourers money can buy.

Touring is the freedom to roam at your pace surrounded by the environment you choose. Swift designers have ensured that the Conqueror is the perfect partner for your journey. The new 'Loretta' furnishings will make you feel at home with its natural blend of colours and textures including woven cream and ribbed warm brown bedding. The leaf pattern chocolate brown curtains tie in beautifully with the gloss upper locker doors in 'Aralie Sen' with 'Smoked Oak' inlays to create a sophisticated ambience.

For luxury at bedtime, all fixed beds are fitted with the exclusive Duvalay Duvalite mattress, containing lightweight memory fibre technology.

The Conqueror houses everything you need for five star touring with class leading width and headroom and an expanded list of luxury, safety and practical features designed to delight.

The new Swift Command control system features a new intelligent power supply unit with LCD control panel; certain functions can be controlled/monitored remotely via the new Swift Command App. This makes an impressive addition to the Conqueror's specification which already includes Alde central heating throughout. The leading edge design continues with FENIX NTM® kitchen worktops which are resistant to scratches, hygienic and easy to clean, efficient, dimmable LED lighting, solar panel and 'Ecocamel Orbit' shower head with on/off water conservation button.
